## Relationships and Services

---

### What investment services and advice can you provide me?

**Services:** We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. We may also offer financial planning as a stand-alone service. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

**Accounts, Investments, and Monitoring:** We provide services to individual, joint, retirement and trust accounts. We primarily use mutual funds and exchange-traded funds in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We encourage review meetings on an annual basis, or more frequently, depending on your needs.

**Investment Authority:** We provide our advisory services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing. We also offer our advisory services on a non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore, you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients.

**Account Minimums & Other Requirements:** We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.

**Additional Information:** For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

## Fees, Costs, Conflicts, and Standard of Conduct

---

### What fees will I pay?

**Asset-Based Fees:** Our asset-based fees for wealth management range up to 1.50% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. Because fees are tied directly to the assets under management, a conflict of interest is presented when encouraging you to place more assets in your advisory account.

**Hourly Fees:** Our hourly fees for financial planning are at a rate of up to \$500 per hour. We collect fees in two separate installments. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate for total hours and overall costs prior to engaging us for these services.

**Fixed Fees:** Our fixed project-based fees for financial planning fees range up to \$15,000. We collect fees in two separate installments. Fixed fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate of the total cost prior to engaging us for these services.

**Other Fees & Costs:** In addition to our advisory fee, you will also be responsible for third party manager fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

**Additional Information: You will pay fees and costs whether you make or lose money on your investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?  
How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.*

Some of our financial professionals are registered representatives of LPL Financial LLC (“LPL”), an SEC registered broker-dealer and investment adviser. Your financial professionals may offer you brokerage services through LPL or investment advisory services through us. Brokerage services and investment advisory services are different, and the fees we, and LPL, charge for those services are different. It is important that you understand the differences. In particular, your financial professionals may earn additional transaction-based compensation and have additional conflicts of interest as a result of providing brokerage services through LPL. You are encouraged to learn more about LPL by reviewing <https://www.lpl.com/disclosures.html> and having a discussion with your financial professionals. You can also access free and simple tools to help you research firms and financial professionals at [Investor.gov/CRS](http://Investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.
